According to the IRS rules and regulations, it is the donor's responsibility to determine the present fair market value (FMV) of items donated. Your estimates above will help us recognize your gift appropriately. IRS rules and regulations require that if you claim a deduction for noncash charitable contributions which total over \$500, you must attach IRS Form 8283 (Noncash Charitable Contributions) to your tax return.

If you donate over \$5,000 of property or similar items of property to one or more charitable organizations, you must obtain a qualified written appraisal of the donated property from a qualified appraiser if you intend to claim a deduction. Please note that CHI Saint Joseph Health Foundation's must complete and sign Part IV of Section B of Form 8283 if the amount claimed exceeds \$5,000.

If within 3 years after the date of receipt of a contribution of property for which CHI Saint Joseph Health Foundations was required to sign Form 8283 on your behalf (i.e., donated property over \$5,000), the property is sold, exchanged, or otherwise disposed, CHI Saint Joseph Health Foundations must file an information return with the IRS on Form 8282 (Donee Information Return) and send you a copy of the form.
